

Sports Hall Athletics Report

On Thursday 11th January 2018 I took 20 pupils from Years 3 and 4 to the Sports Hall Athletics competition organised by Boston and District School Sport Partnership.

The children were very excited as many had never taken part in such an event before. Arriving first, we had plenty of time for a team talk following which we were raring to go!

Wow! What an amazing start we made. The boys won their first 3 races and the girls won two and came second in the other one. There was just no stopping us! Every member of the team did their very best and encouraged others. Even dropping the baton a couple of times didn't dampen our determination. The boys managed 2 more firsts and a third and the girls managed three second places. We also performed well in the field events and couldn't believe how far some of the children could jump.

Once all the events were completed we gathered together to hear the results. There were 8 schools competing. 8th, 7th, 6th, 5th, 4th and 3rd were announced and we hadn't heard our school name yet. We were so excited as we knew we were going to get a medal! We finished in second! Not only did we all get a medal but

also a trophy for the shelf.

What an amazing achievement. Congratulations to all who took part and represented our school. You were great competitors and fully deserved your medals.

Mrs Farrow
