Newsletter Term 5

Promotional Video

We are thrilled to have had a wonderful promotional video created. The aim of the video is to show parents the quality of the meals we serve.

It can be worrying ordering school lunches for your children without actually seeing what is available. As parents visit our website and view the video they will be reassured that their children are offered tasty, nutritionally balanced meals.

The video is also being sent to schools for pupils and staff to view.

Big thanks to John Oliver of Planpro Photography and to Barkston & Syston Primary School.

Fruit for dessert

Keep a look out for both melon and strawberries on the menu in Term 6.

Fresh, local strawberries are being sourced from Dyson Farming at Carrington, Boston.

Theme Days

World Oceans Day on 8th June and American Independence Day on 4th July are the chosen themes for this term's special menus.

New Starter Events

We have a busy term ahead with schools holding their New Starter Evenings and Afternoons. Being invited to attend is the ideal opportunity to speak with new parents.

Platinum Picnic

Thank you to everyone for all your amazing feedback on our Platinum Picnic. We appreciate the support we received from schools to make it such a successful event.

Willoughby Foods School Garden

Our garden got off to a relatively slow start due to the incredibly dry conditions we have been experiencing. We are very pleased to say that with a lot of watering from Stuart, our garden is finally starting to green over. We have welcomed several schools who have visited to plant their seedlings. There is still time to arrange a visit and get involved.

Kirkby la Thorpe are visiting the garden on 18th July to be interviewed by Lincs FM Farming Programme. Let us know if you would like to join in too.

We've also been delivering tasty meals
