Foundation Stage and Key Stage 1

Dear Parent/Carer

Internet Access for Pupils

As part of our ICT curriculum, your child will be using the Internet. This will allow them to explore thousands of libraries, databases and websites.

Although the web filtering software filters the majority of Internet materials the school cannot completely guarantee the restriction of pupils to unwanted Internet materials. Yet we, as a school believe that the advantages of Internet use out-weigh any likely disadvantages.

Pupils will also be able to exchange messages with other learners via e-mail. Internet access will be supervised within school and class teachers will guide pupils towards appropriate materials.

Please read the school rules on Internet use and complete the attached form and return it to your child's class teacher.

Yours sincerely

Sophie Foston

Mrs Sophie Foston

Donington Endowed Cowley Primary School

Rules for Acceptable Use for Foundation and KS1

- I always ask a teacher or adult if I want to use the computers, tablets or cameras.
- I only open activities that an adult has told or allowed me to use.
- I know that I must tell an adult if I see something on a screen that upsets me, or I am unsure of.
- I keep my passwords safe and will never use someone else's.
- I know personal information such as my address and birthday should never be shared online.
- I know I must never communicate with strangers online.
- I am always polite and friendly when I post to our blogs, use our email and other communication tools, with our teachers' help.

Donington Endowed Cowley Primary School

Advice for children regarding electronic communications.

- Treat your password like your tooth brush – Keep it to yourself!
- Only give your mobile number or personal e-mail address to trusted friends
- Block the bully – learn to block or report someone who is behaving badly
- Save the evidence – learn how to keep records of offending text messages, pictures or online conversations
- Don't retaliate or reply
- Check your profile and make sure it doesn't include any personal information.
- Always respect others – be careful what you say online and what images you send.
- Think before you send – whatever you send can be made public very quickly and could stay online for ever.
- Look out for your friends – and do something if you think they are at risk.
- Tell your parent, carer or a teacher if something or someone makes you feel uncomfortable or worried.

Dear Parent/Carer

The internet is an amazing resource for us in school. It enables children to research, and use a variety of interactive resources which stimulate both learning and creativity.

Unfortunately, the use of the internet is not without its dangers and some materials accessible through it are inappropriate for primary school aged children. However, whereas no system can be guaranteed to be 100% safe, the huge benefits far outweigh the disadvantages and every reasonable precaution, including monitoring and filtering systems, are used to ensure that children will be safe when they use the internet and ICT systems.

Whilst the school monitors ICT use in school it needs to be understood that children also have an important responsibility themselves as to how they use the internet and school equipment. Please read through the **'Rules for Acceptable Internet Use' with your child and discuss the points and impress upon them how important they are.**

Please complete and return the slip below to show that you have read, agreed and discussed the 'Rules for Acceptable Internet Use'.

✂-----

I have read and discussed the 'Rules for Acceptable Internet Use' with my child and agree to support the school's policy.

Child's Name_____

Parent/Carer Name_____ (PLEASE PRINT)

Parent/Carer Signature_____

Date___/___/___2021___

For the Pupil to fill in:-

I have read and understood the 'Rules for Acceptable Internet Use'
